There is no reason why the followers of baseball in Brooklyn should not be as thoroughly disgusted as are the enthusiasts in this city. Fortunately only a few more games remain to be played on either side of the East River. Two months more would cripple the game severely in this district. With six and seven inning games ing played at the Polo Grounds, and the Brooklyn team losing regularly at Eastern Park, the people who patronize baseball are not getting

The Brooklyn team played in a listless, apparently indifferent manner in the contest with the Spiders at Eastern Park yesterday, and Oliver Patrick Tebeau had an easy time of it. The home players hit at everything that came within a few players not at everything that came within a few feet of the plate, and nobody expected to see them do any batting after the second inning. Wallace lost control of the ball in the sixth inning, but Tebeau was quick to see the "rattled" condition of his pitcher, and Wallace was sent to the bench and Young pitched out the game. Wallace's home run in the third inning was a terrific drive. The score:

ere was another tiresome exhibition of six and half innings at the Polo Grounds yesterday afternoon. The frightened Cincinnati team, who have ost thirteen out of the last fourteen games they we played, were easy victims for the Glants, have played, were easy victims for the Wants. Foreman was batted hard, and he was wild besides, giving to seven men bases on balls. Seymour went to need in the third inning, and Sullivan took his pace and did good work. Joyce, Van Haltren and Miller made home-run hits, Miller's hit going over the twenty-five-cent coop. The score:

TO-DAY AT SHEEPSHEAD BAY. PROGRAMME FOR THE CLOSING DAY OF THE MEETING.

To-day's card at Sheepshead Bay promises excellent sport, although some of the fields are large and unwieldy. The chief feature of the card is the Great Eastern Handicap for two-year-olds, Ornament, with 128, Ogden 125 and Typhoon II 124 pounds are the top weights. The Friar 122, George Rose 121, Sunny Slope 129 and Voter 114 pounds comprise the intermediate division. Fox 107, Salvado 104 and Salmak 103 are the light weights. It is reported that Taral will have the mount on Ogden. so that a true measure of Marcus Daly's good colt may be taken. Ornament and Typhoon are much respected by the wise men of the turf, while Voter and George Rose have admirers. The Friar and Sunny Slope are classed as possible chances by a small contingent of betters.

On the whole the Great Eastern of 1896 should furnish one of the best contests ever run for that nish one of the best contests ever run for that valuable race.

In the fifth race a splendid field of seven meet in a handicap at a mile and a furiong at weights that should make the race interesting. 'that honest, true-running, game little racer Buck Massie is top-weight at 125 pounds. Flying Dutchman at 123 should be in excellent condition to naest Buck Massie, and his (Flying Dutchman's) last race just keyed him up for it. Lake Shore is well in with 169 pounds, Gotham, Lehman and Belmar are also named as contestants.

The card fairly bristles with the names of successful racers, and the Indications, so far as the programme is concerned, point to on excellent day's sport.

It is to be hoped that every race will be run on its merits from flag fall to finish, and that the meeting will have such a brilliant ending that the army of patrons of the Coney Island Joekey Club will recall to-day's racing with pleasure and satisfaction. Here are the entries:

CANADA IN THE LEAD.

FIRST DAY'S PLAY IN THE INTERNATIONAL

cricket match between Canada and the United States was begun here to-day, and the visitors have shown that they are not going to yield without making a great struggle. The game, in fact, so far as play has gone, is distinctly in favor of the Canadians, who have an advantage of 35 runs in the first inning. The surprise of the day was the cheap dismissal of the Americans for a total of 52. The wicket, of course, just suited the bowlers, and Laing and McGlyerin took full advantage of it, and the latter was credited with the splendid record of 6 wickets for IT runs. Play will be resumed in the morning, and an interesting conclusion is expected.

BOWLING ANALYSIS.

IN THE CYCLING WORLD.

THE IMPROVEMENT OF GLENMORE-AVE.

IN BROOKLYN

CONTESTS IN OLYMPIA PARK-LABOR DAY RACE MEET-THE RUN FROM SAN FRANCISCO

With the exception of the cycle paths no public mprovement in Brooklyn has excited so much terest among cyclists as is now evinced in the work of rep.,ving Glenmore-ave. The work is being pushed forward rapidly, and it is expected that entire distance to where the street joins with the good roads of Queens County will be ready for the wheelmen early next month. Many cyclists are the wheelmen early next month. Many cyclists are using the thoroughfare at present, being content to ride carefully and make occasional detours rather than climb the elevated stairs with their wheels. Followers of outdoor sports in New-York City are already saying how easy it will be to wheel to the baseball games at Eastern Park next season, and how pleasant it will be to ride to the football games at that ground this fall. The next street improvement in Brooklyn which should be agitated is the repaying of Fourth-ave.

at Olympia Park, One-hundred-and-thirty-fifth-st. and Lenox-ave., to-night. Among the professionals entered are John Schuesler, the "police champion entered are John Schuesler, the "police champion," "Teddy" Goodman, Charles Kluge, Samuel Brock, Hethert Smith, J. W. Baldwin and George P. Kublke. In the amateur contests will be found the names of Leibold, Judge, Brown, Mockridge, Walter C. Roome, Barbeau Lipman and Green, with many others as well known in the racing world.

Every detail relating to the big race-meet of the New-York Division at Manhattan Beach on Labor Day has been attended to, and the prospects point the track fahred by ocean present. The premium-to-contest in the programme will be the L. A. W. run to-morrow from the cluthouse of the South Brooklyn Wheelmen, at No. 478 Ninth-st. Brooklyn to Coney Island and Bath Beach. Most of the clubs in the district will have representatives in line, and unless all signs fall the procession will be a big one.

R. W. Dye, secretary of the Logan Wheelmen, yesterday sent out the appended circular to all clubs in the district:

For the purpose of effecting arrangements for the coming bleyele lantern parade tendered to Park Commissioner Timothy L. Woodruff, it is earnestly requested that your club send representatives to a special meeting to be held at the Logan Wheelmen's clubhouse, No 255 Sixthave. Brooklyn, Tuesday evening, September 8, at 8 o'clock.

The annual fall races of the Westchester Cycling League will take place this year on Saturday, October 3, at the White Plains Fair Grounds. Entry blanks can be had of the chairman of the Racing Committee, Louie K. Fries, at No. 4 Broadway, city.

The gold-mounted Columbia on exhibition for Cycle Company, at No. 555 Fulton-st., Brooklyn, has been won by Mrs. Samuel Porter, No. 687 Putnounced the most elaborately ornamented bicycle ever produced, is heavily plated with gold and sil-ver. It was offered as a prize by the Good Roads Association to the person securing the greatest number of new members in August.

Cyclists desiring to join the League of An Wheelmen may obtain full printed information and membership blanks by sending name and address to the Cycling Editor, Tribune.

time, the relay race en route to New-York from San Francisco passed through Chicago this morning at 2:30 o'clock. The message was brought in from Lombard by local riders and received at the postoffice by C. G. Sinbaugh and partner, and conducted to Kensington. J. G. Bradley was in charge of the Illinois division. The bearers of the messages to General Miles at New-York complained that their ride had been a difficult one, the roads being in poor condition and the rains forcing them to slacken their speed by one-half. All the riders from the coast have had to combat the same difficulties, and, considering the elements, the contest so far has been remarkable.

ZIMMERMAN'S TROPHIES WON ABROAD. "Gus" Zimmerman, the champion rifle shot, who arrived here yesterday in the Augusta Victoria, brought with him a number of trophies he won on the other side. Zimmerman went abroad to meet Captain Angehra, the Swiss champion, and beat him in a match that lasted three days, 160 shots being fired each day over a 1,000-foot range. Zimermen won the match by more than 550 points, and made a buil's-eye every shot but one. He won a silver wreath in this match. A second match resulted in like manner. The American won first prize in a match at Freyburg. At Amriswell, Switzerland, he was proclaimed champion, as he made the best possible score six times in succession over a 1,000-foot range. He also brought home nine prizes which he won at bow and arrow shooting. Captain Angehrn, the Swiss champion, and beat

WHITEMAN WINS AT TORONTO.

THE HARVARD PLAYER DEFEATS SHELDON, OF YALE-MISS ATKINSON VICTOR IN THE LADIES' SINGLES.

Toronto, Ont., Sept. 4 (Special).-M. D. While of Harvard, won the final round of the Toronto Tennis Tournament to-day, defeating Sheldon, of Yale, by a score of three sets to one. The match was a constant struggle for the possession of the net, and for this reason it was characterized by a good deal of fast and brilliant work on both sides. Whiteman's science was an important element in his success. The peculiar spiral delivery which he apparently has up his sleeve for important occasions pulled him out of more than one critical situation. Sheldon's smashing was good, but Whiteman's low, hard driving gave him little opportunity to show his ability in that line.

During the morning the semi-final round was played off and furnished some capital tennis. Sheldon was pitted against Paret, of New-York. who made a stronger fight for the place than was expected. Though badly outclassed in the opening set, he managed to land the second at 10-8, and came dangerously near taking the match. Sheldon's suplay, finally brought him off victorious. In the same round Whiteman was drawn against Ware, who made only a tame defence and was beaten in straight sets. Ware was weak in covering, allowing himself to be caught out of position frequently. Whiteman's chief strength lay in his accurate placing.

Juliette Atkinson, of Brooklyn, who defeated Mrs ing the morning, following it up later in the day by a clever victory over Miss Davis, another Toronto player, thereby winning the prize. The doubles and handicap singles have been somewhat delayed and they will probably not be decided illi Monday. The score:

A heavy rain was falling. Both men looked "fit," and there is every prospect of a good race. Stanbury weighs 152 and Gaudaur 115. Both row in the same style. Neither has any body swing, both doing their work with their arms. Gaudaur has a much easier action than Sinnbury, and his long arms give him a much greater reach. Stanbury tucks himself up, with his head down between his shoulders, but he gets up a great pace, nevertheless. The general opinion among experts is that the race, with the championship that goes with it, will be won by the better stayer.

after his summer vacation, and outlined Yale's policy for the season. He said that no challenge would be sent to Harvard, and that the management of the Yale eleven thought favorably of the challenge received from the University of Pennsylvania, but, would not give a decisive answer for several days. He also said that the leading twenty-five candidates for the Yale eleven would arrive here on September 15 and practise on the Yale field till college opens on September 25. Captain Murphy thinks that the outlook for a good team is promising.

ANNUAL CORINTHIAN REGATTA

The annual regatta of the Corinthian fleet was sailed yesterday over the club courses off Echo Bay. New-Rochelle. Through the efforts of the Regatta Committee fifty-nine entries had been secured, and there was every promise of a fine race, for up to noon, when the signal to start was to have been given, a fine breeze was blowing. But the wind fell away, and when the start was finally made it was very much lighter, and in the middle of the afternoon it died out altogether, so that the contest degenerated into a thirty-two starters were still rambling about

the committee boat Stella. This was the signa for all schooners and sloops over twenty-five racing length. The boats crossed the line on the port tack in the following order: The Awa, 1:28:15; the Choctaw, the Eurybia, the Marjorie, the Pawnee, the Beatrix, the Uvira, the Infanta, the Kelpia, the Olga, the Loyalty, the Dorothy, the Sparrow, the Dorothy the Loyalty, the Dorothy, the Sparrow, the Dorothy (open cat), the Wainera, the Starling, the Scat, the Ola, the Susie D., the Win or Lose, the Edwina, the Osprey, the Cora, the Eos, the Vaquero, the Paprika, the Ma Honey, the Willada, the Hyale and the I Don't Think.

It was a reach to the first mark, and the wind was almost aft to the second. When off Sands Point the wind died out and the boats had to drift home. It was very late when the boats finished, and the table, as far as it can be made out, is as follows:

CANADA CONTRACTOR CONT			
MARTELL AND	PALME	R HELD	

THE DETECTIVES STILL BELIEVE THAT THE FORMER IS "PORTUGUESE JOE"

tral Office Detective Nugent arraigned a man who lieved by the police authorities to be "Portuguese Joe." on a charge of attempting to swindle the importing firm of Allen & Jonassohn. No. 14 Maiden Lane, out of \$13,000 worth of unset stones by representing himself as coming from Morrill Brothers, a well-known Boston jewelry house. When arraigned in the Centre Street Court, Martell denied that he had made the representations alleged by Allen & Jonassohn. Magistrate Crane, however, held him in \$1,500 for trial. The police say the prisoner greatly resembles "Portuguese

foe," was disappeared several years ago. Frederick Palmer, an old-time swindler, known to the Scotland Yard detectives of England and the Central Office of this city, was arraigned in the same court yesterday, charged with at-tempting to secure \$0 from the firm of Thorpe, Platt & Co., of No. 97 Cedar-st. Palmer waived examination, and was held in \$1,000 for trial. He declared that he was "not gullty." Later he was photographed for the Rogues' Gallery. Both Martell and Palmer were arrested on Thursday by Captain O'Brien's detectives, before their operations proved successful, as told in yesterday's Trib-

une.
Captain O'Brien said yesterday that he had received a letter from Smith & White, printers, of Holyoke, Mass., who think Palmer is the man who swindled them out of a small amount of money. He represented that he had a new watch of his own invention which he was about to put on the market, but was short of money. Captain O'Brien has sent a picture of Palmer to Holyoke.
